

DIRECTIONS TO WANAPITEI

(Lakeland Airways 705-569-3455 can be chartered to fly into camp)

North on Highway 11.

10 km north of the town of Temagami, turn left (west) onto the Red Squirrel Road.

*Please check your travel odometer so that you can follow our directions below:
Mileage signs are placed along the way to assure you that you are on the right track.*

At 11.8 km keep left at fork.

At 22.4 km you will pass a gravel pit/Red Squirrel Lake camp ground.

At 27 km you will come to a V in the road, stay to the left.

At 28.9 km turn left at Wanapitei sign.

Immediately you will come to a 'T' junction.

There are two options for parking and walking into camp. The Camp Office is located 1 km from each parking area:

- 1) Jackpine Trail: From 'T' junction go left. Follow road for 500m to parking area. The entrance of the Jackpine Trail is on the south side of parking area. Follow the Trail 600m into camp. The trail can be muddy and buggy if the season is wet.
- 2) Beach Trail: From 'T' junction go right. Take first left. Follow this very rutted road for ½ km until you reach the parking area. The entrance of the Beach Trail is located at the end of the parking area. Follow trail, keep right at fork, 400m to beach. Turn left at beach and walk 600m to site.

Both parking lots are public. However we do suggest you use the Jackpine. Please register your license plate and make of vehicle with the office when you arrive. Wanapitei is not responsible for vehicles or contents left in these lots.

The camp office is located at the end of both trails.

Note: The Red Squirrel Road is a logging road which is irregularly graded. Please be very cautious when drive, the traffic (especially logging trucks) can be very heavy at times. The road to the Beach Trail is *very rugged*, we cannot emphasize this enough. Drive at your own risk. All roads that lead to the camp are public. We are not allowed to maintain them, even the last few hundred meters.

Welcome to Camp Wanapitei!
